

LARGE SKID PLATE (2-55011) ONLY FOR USE ON 4WD V-TWIN UNITS

As illustrated below, this kit consists of:

Large Skid Plate	Qty: 1
1.25" U-bolt	Qty: 2
1.75" U-bolt	Qty: 4

TOOLS REQUIRED	
	5/16" Nut Driver
	1/2" Wrench

Procedure:

- 1 The guard itself is secured using the 1.75" U-bolts as shown in figure 1 and figure 2. **(650cc models use the 1.25" U-bolt on the front of the guard)**

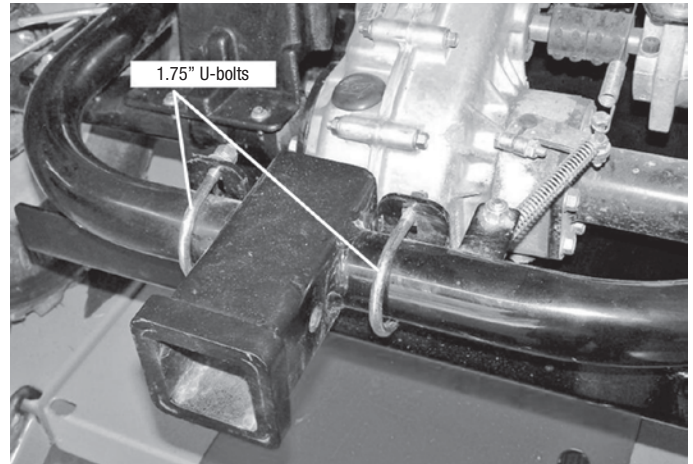

Fig. 1

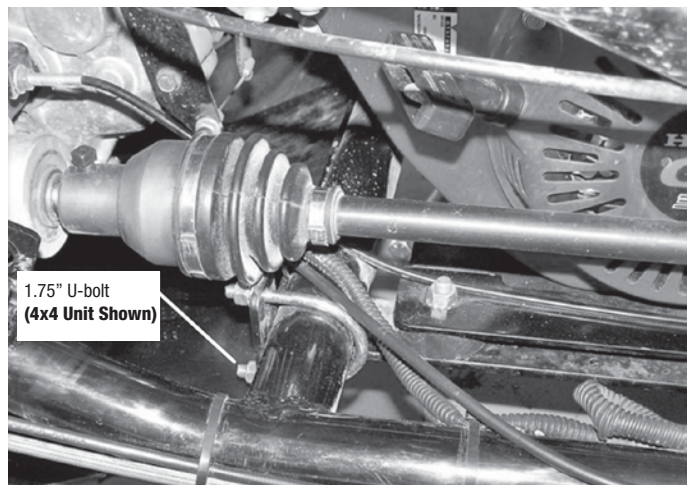

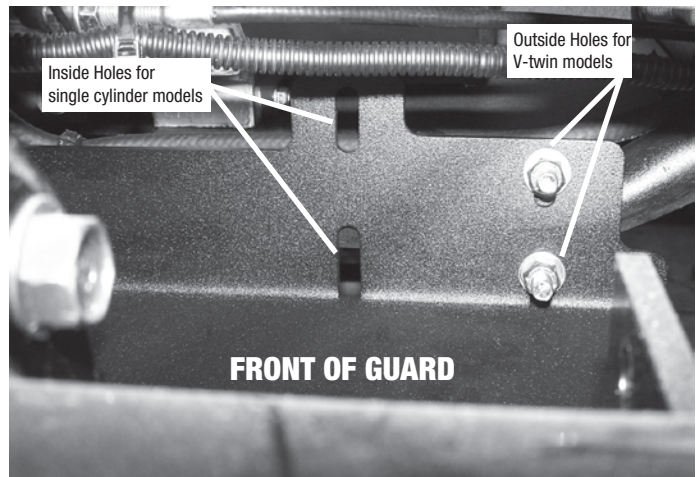

Fig. 2

NOTE: V-twin engine models use the outside holes on the front of the guard. Single cylinder engine models use the inside holes.
